AMENDMENT AND RESPONSE TO OFFICE ACTION

This paper is in response to the Office Action dated October 2, 2001.

AMENDMENTS

Specification

Please replace the paragraph beginning at page 10, line 21, with the following rewritten paragraph:

-- In accordance with a presently preferred embodiment of the present invention an Enterprise Application Integration (EAI) system is used to broker the flow of information between the various services and adapters comprising the data networked management system of the present invention. The use of EAI systems in networked environments is well known by those of ordinary skill in the art. An example of an EAI
